Berkemeyer**

*Senior Vice President
Provider Network
Programs, Arkansas Blue
Cross Blue Shield*

**Christina
Ritter**

*Director, Patient Care
Models Group,
Center for Medicare
& Medicaid
Innovation*

**Stacy
Zimmerman**

*Internal Medicine
Program Director,
Unity Health*

Partnering for the Future

Dialogue Session Objectives:

- Give Summit attendees an opportunity to provide their feedback, insight, and questions regarding the topic of how the field can better support clinicians in the evolution toward alternative payment.
- Create a safe environment for audience members to ask questions and share experiences with the listeners as well as their fellow audience members.

Dialogue Session “Ground Rules”

- Audience members will be asked to share their thoughts/comments with the listeners for reactions and insights; Karen Adams (facilitator) will also ask questions of the audience to ask for their input and experiences
- Audience members will be mindful of the limited time and keep questions brief in order to allow others the same opportunity.
- Listeners are not obligated to comment on all questions; In particular, listeners from CMS will not comment on open rulemaking items or any open policy related questions.

Now it's Your Turn!

- How would you describe a successful APM? What are critical design steps? Implementation steps?
 - ✓ To what extent would you say success or failure of an APM relates to the design itself, or to forces in the market or otherwise?
- What are the most effective way to create valuable partnerships between payers and providers to achieve the goals of alternative payment: improved patient outcomes, lower cost, and increased provider satisfaction
- If you have experience with designing and implementing alternative payment models, what elements would you say worked well to serve the clinical community and/or patients? What hasn't worked?
 - ✓ How would you change the path you took if you could re-do the process today?
