

2024 HCPLAN Summit Agenda

Topics	Subtopics & Objectives
Registration & Pre-Event Networking	8:00-9:00 AM ET
Opening Group Sessions	9:00-10:30 AM ET
Welcome & Opening Remarks	Provide an overview of the Summit's themes and goals and recap 2024 HCPLAN accomplishments
Transforming Health Care: A Fireside Chat with CMS and HCPLAN Leadership	Provide the vision for changing the health care system to one based on quality and value-based payment arrangements. Dive into major trends shaping value-based care, including workforce issues, specialty care, and VBC partnerships
CMS's Approach to Multi-Payer Engagement and Delivery System Reform	Highlight progress and insights from CMS actions to drive meaningful alignment across Medicare and Medicaid
Breakout Session Block 1	10:40-11:30 AM ET
Option 1: The Case for Quality Measures and Payment Reform	Provide multi-stakeholder perspective on where quality (measure) alignment is impactful and the incentives for change
Option 2: Challenging the Status Quo: Incentivizing Equitable Outcomes	Learn from programs that are "pushing the envelope" in promoting health equity across the contracting lifecycle
Option 3: Building the Data Sharing Ecosystem: Bulk FHIR and APIs	Learn what it takes to build the foundation and infrastructure for standardized data exchange and why it matters for payers, providers, people, and populations
Breakout Session Block 2	11:40 AM-12:30 PM ET
Option 1: Quality Beyond Measure(s): Care Delivery Alignment in Payment Reform	Discuss what it means to align care delivery and the role of aligned care delivery in the next generation of primary care
Option 2: Community Collaboration: The Key to Health Equity	Provide examples of health care organizations successfully engaging CBOs, HRSN providers, CHWs, and others to effectively improve access
Option 3: Catching FHIR: The Business Case for Data Sharing	Discuss early results and promising practices among organizations at the forefront of standardized data exchange
Group Session (following lunch break)	1:40-2:25 PM ET
Moonshots and Bellyflops	Discuss examples of big bets and occasional misses that drive innovation in VBC adoption and what was learned throughout the process
Breakout Session Block 3	2:35-3:25 PM ET
Option 1: Learning from Experience to Catalyze Continued Innovation	Hear how early adopters and controlled trial participants have leveraged efforts and investments to continue innovating on care delivery and payment models
Option 2: Rural Health and APMs: Reaching New Frontiers	Discuss challenges and creative solutions from providers, plans, and non-profits transforming care on the ground in rural communities
Option 3: Purchaser Uptake of Value-Based Care: Accelerating Growth	Hear from purchaser groups and employers leading the way in value-based arrangement adoption and negotiation and their strategies and successes
Measurement Panel & Closing Remarks	3:35-4:30 PM ET
HCPLAN Measurement Results	Share and discuss 2024 HCPLAN Measurement Effort results, including from health equity survey questions
The Road Ahead: Better Care Through Alignment	Discuss actions we must all take to achieve our collective goals as we close in on a decade of aligning HCPLAN stakeholders
