

# Health Care Transformation Task Force: A Collaborative Approach to Delivery System Transformation

LAN Summit

October 26, 2015

Arlington, VA

# Health Care Transformation Task Force: Our Shared Commitment

75% of all business activity will be in alternative contracts by 2020

Patients, Payers, Providers and Purchasers:  
Committed to Better Value Now

# The Task Force's guiding principles outline a financially and operationally viable and sustainable approach

---

Shift 75% of our respective businesses to be under value-based care contracts by 2020

Design programs that provide reasonable returns to deliver the triple aim of better health, better care and reduced total cost of care at or below GDP growth

Equip market players with all tools necessary to compete in new market focused on people-centered primary care

Encourage multi-payer participation and alignment to create common targets, metrics, and incentives

Share cost savings with patients, payers, and providers to ensure adequate investment in new care models

Foster transparency of quality and cost metrics in a manner that is accessible to, and easily understood by, consumers

Support the needs of disadvantaged populations and help strengthen the safety net providers who serve them

# TF Work Groups are driving rapid-cycle product development, starting with improving the ACO model

---

## Improve the ACO Model

Develop aligned public-private action-steps and recommendations to improve the design and implementation of the ACO model

## Develop Common Bundled Payment Framework

Create detailed principles and tools to align and evaluate episode definitions/pricing for public/private payer bundled payment programs.

## New Model Development - Improving Care for High-cost Patients

Create, test and recommend a delivery/payment model that allows a wide range of provider organizations, including in rural areas with little to no current MA/ACO penetration, to engage in population health by starting with highest-cost patients (top 5%).

# HCTTF Panelists

- Richard Gilfillan, President & CEO, Trinity Health (Moderator)
- Charles Kennedy, Chief Population Health Officer, Healthagen, a subsidiary of Aetna
- William Kramer, Executive Director for National Health Policy, Pacific Business Group on Health
- Debra Ness, President, National Partnership for Women & Families
- Stephen Rosenthal, Senior Vice President, Population Health Management, Montefiore Health System
